

CHRISTINE ING

Christine co-leads the Technology Law Group and FinTech Practise at McCarthy Tetrault. Her practice focusses on the areas of technology transactions, cloud, outsourcing, licensing and strategic alliances. Christine has practised exclusively in the tech and intellectual property space across a broad spectrum of industry sectors, including financial services, insurance, e-commerce, food and agribusiness, and pharmaceutical. Christine has significant experience in the procurement and implementation of enterprise-transformational information systems. She has a particular interest in data security aspects of cloud and outsourcing arrangements. Christine frequently advises on technology-related issues arising in M&A transactions.

Christine has been recognized as a leading Canadian lawyer in various publications, including: The Lexpert/American Lawyer Guide to the Leading 500 Lawyers in Canada - Computer & IT Law - Most Frequently Recommended; The Canadian Legal Lexpert Directory - Computer & IT Law - Most Frequently Recommended; The Canadian Legal Lexpert Directory -Technology Transactions - Consistently Recommended; Chambers Canada: The World's Leading Lawyers for Business - Information Technology - Band 2; Who's Who Legal: Data -Information Technology; The Best Lawyers in Canada - Information Technology Law; The Best Lawyers in Canada - Intellectual Property Law and Technology Law; IAM Patent 1000.
