*International Cleantech Network  
CanadaCleantech Alliance*

**écotech**  
Québec

**Canada Cleantech**  
Alliance for a Prosperous  
and Sustainable Future

Since 2009, Denis Leclerc is President and CEO of Écotech Québec, a cluster representing the Québec cleantech ecosystem. He is also the Chairman of International Cleantech Network, based in Copenhagen (Denmark), and CanadaCleantech Alliance.

During his 20 years in the natural resources sector, Mr. Leclerc held several senior management positions, including that of Vice-President, Sustainability and Environment for AbitibiBowater. Mr. Leclerc has been involved of many projects and strategic decisions for companies with operations in Canada, the United-States, Europe and Asia.

He has proven experience in issue management, public affairs, sustainable development and in relation with investors, socio-economic stakeholders and governments.

Highly involved in the community, Mr. Leclerc sits on the Board of Directors of Ecofuel Accelerator, COOP Carbone; also on the Executive Committee of SWITCH, the Alliance for a Green Economy; on the Community Advisory Board of Aéroports de Montréal, on the Orientation Council of the International Climate Cooperation Program of the Government of Québec, and on the Québec Advisory Committee of the Minister of Sustainable Development, Environment and the Fight against Climate Change.

In addition to being a Chartered Director, Mr. Leclerc holds an MBA from Université de Sherbrooke.
