Charles Morgan is the national leader of McCarthy Tétrault's Information Technology Law Group and co-leader of the Firm's national Cybersecurity, Privacy and Data Protection Group. McCarthy's Technology Law Group is ranked in the top tier ("Band 1") for Canada by Chambers Global: *The World's Leading Lawyers for Business* as well as by *The Canadian Legal Lexpert Directory*. Mr. Morgan's practice focuses primarily on complex commercial transactions in the context of tech M&A, outsourcing, cloud, licensing, e-commerce, data protection and telecommunications. Mr. Morgan has extensive international experience, particularly in the telecommunications sector. Since 2010, Mr. Morgan has ranked as a leading Canadian technology lawyer in Chambers Global. Since 2008, he has been recommended in every edition of the Lexpert directory in the areas of Computer/IT Law and technology transactions. In 2014, he was named Montreal's Technology Lawyer of the Year in *Best Lawyers in Canada*. Mr. Morgan has assisted over 30 companies with their CASL (anti-spam law) compliance efforts, including Compu-Finder, the first company to receive a notice of violation from the CRTC following the coming into effect of the new law.
